AN ACT Approving, With Amendments, the Funding Act of Arizona.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the act of the revised statutes of Arizona of 1887, known as "Title XXXI—Funding," be and is hereby, amended to so as to read as follows, and that as amended the same is hereby approved and confirmed, subject to future Territorial legislation: "Title XXXI—Funding and loan, Chapter one, Territorial, county, municipal and school district indebtedness."

simil is so few details or results are tabulated. It will be conceded that full and continuous figures are of the utmost importance as show ing the condition and progress of the school system of the Territory. These amount in the aggregate, to nearly \$150,000.

Charged as I am, with the responsibility of perfect records, I find myself helpless for want of sufficient data. I therefore earnestly request the assistance of county officers in the compilation of full statistics on school matters, especially for the years ante dating 1837, and any figures in your possession on the subject will be greatly appreciated.

This appeal of Mr. Cheyney should receive the attention of County officials. The statistics and other data desired are very important and will become more so as the years go by. County officials should take a pride in showing the properly tabulated and set forth by Mr. Cheyney in his next annual report and thus assume a shape of permanent preservation. There is some labor in volved in the preparation of the report desired, but every County official should take pride in furnishing it.

INQUIRY ABOUT FRUIT.

Inquiries about our fruit are being received from all quarters by the Fruit (Frovers' Association and others.

INQUIRY ABOUT FRUIT.

Inquiries about our fruit are being received from all quarters by the Fruit (irowers' Association and others.

A California firm wants information regarding the raisins that are being put up, and another firm in Philadelphia asks if we have any dried fruit to ship to Eastern markets.

Those who are drying fruit will confer a favor by addressing H. R. Patrick, Secretary of the Association. It will enly cost two cents to give this information and it may redound to the profit of the giver and the valley in general.

The work done by the Association this year besides initiating the study of firtuit industries has also done much to advertise the valley in attracting the attention of fruit growers to this section.

We want thousands of fruit men in this valley who will cultivate from five to forty acres each of choice fruit lands that are now lying idle. The old or chards of the East are rapidly dying out and a great market is opening up that will demand all the fruit that can be raised in this country.

A REPUBLICAN CLUB.

The young Republicans of Phoenix have inaugurated a movement looking to the organization of a Republican club. A call reading as follows was circulated yesterday and was largely signed:
